b. After receiving a rate filing, the Common Council shall promptly publish a notice that a filing has been received and that, except for those parts which may be held as proprietary, it is available for public review. c. In the event that additional time for review of the rate request submitted by the cable operator is necessary, the Common Council or its designee shall issue a brief written order prior to the end of the thirty (30) day period, with a copy of said order to be sent by certified mail to the cable operator, providing for an additional ninety (90) days in cases not involving cost-of-service showings or for an additional one hundred fifty (150) days in cases involving cost-of-service showings. The request must state the reason why the information should be treated as proprietary and the facts that support those reasons.
